iCrew and PayPal Integration Instructions

Here are instructions for integrating **iCrew** and **PayPal** to offer a fees/dues payment process that can be initiated from **iCrew**, but works with your organization's **PayPal** account to receive funds from your members.

Step 1 – Create a Fees Item in iCrew

From the Coach's Home Page in iCrew, on the Fees & Payments tab, click the New Fees Item button.

NOTE: This is a multi-page document due to the many screen shots, so please continue on.

On the **Create Fees Item** page, enter all the information as shown below. Leave the **PayPal button or Payment URL** value blank for now. Tap the **Fee record ID** value to copy it to the clipboard.

Create Fee Item			
Enter the fees item information, then o	lick the Save button.		
*Name:	Masters Winter 2020 Training		
*Description:	Winter training fee for all Masters rowers		
*Amount due:	275		
*Due date: 💼	2020-01-01		
Effective start date: 🛅	2020-01-01		
Effective end date:	2020-03-21		
Multiple amount options:			
Send payment reminder:			
Send notification when paid:			
PayPal button or Payment URL: 🔇	*		
PayPal check-out target URL: 🔞	https://www.icrew.club/pppaymentack.php?crewDoc=bd831ec6- 866c-3271-1cac-e7e75ec5bdfa		
Fee record ID:	bd831ec6-866c-3271-1cac-e7e75ec5bdfa		
Related doc or fees record:	(no related item)		

Step 2 – Create a Payment Button in PayPal

Time to log onto your **PayPal** account to create a payment button. After logging into your organization's **PayPal** account, select **PayPal buttons** from the **Tools** menu.

P Su	ummary	Money	Activity	Reports	Tools \vee	More \sim	Help
	Start accessing pro		Business Setup PayPal buttons				
	at *Exc	eptions app	er completing a s		PayPal Here Invoicing		
					Send All	Money Tools	
Mor	ney		_	More >		Recent a PayPal Acti	activity

Now click anywhere on the **Buy Now** card.

NOTE: A **Subscribe** button can be used to allow your members to make monthly payments for a particular fee item.

Change the button settings to match all the items tagged as shown here.

- The button type should by **Buy Now**
- The **Item name** and **Price** should be set appropriately for the fees item you created in iCrew.
- Paste the value from the clipboard into the **Item ID** field.
- Add a text field with a name of **Admin Info (do not change)**, then click the **Done** button.
- Tap on **Customize text or appearance** and change the button text to be **Pay Now**.

Choose a button type Buy Now			Which button should I choose?	
Note: Go to My saved buttons to create a new button si	imilar to an existir	ig one.		
tem name It	em ID (optional)	What's this?		
Masters Winter 2020 Training	od831ec6-866(-	Paste value from clipboard here

Step 3 – Copy the Button's HTML Code Back into the Fees Item in iCrew

You've now created a payment button in **PayPal**. Time to get the button code over into iCrew.

Tap the Select Code button, then copy the HTML code into the clipboard (right-click, Copy or Ctrl-C).

dd your button code to your webpage	
w just created customized HTML code for your button. The final stan is to convitte	and a from this page and paste it into your website editor
au just created customized in this code for your button. The linial step is to copy the t	oue nom this page and paste it into your website editor.
opy the button code:	
 Click Select Code. Right-click and copy the selected code. 	
you're working with a website developer, you can paste the button code into an ema	il and send it to your developer now.
aste the button code in your website editor:	
ne code must be pasted in the "code" view, where you can view and edit HTML.	
2. Look for an option to view or edit HTML 3. Find the section of the page where you want to add your PL 4. Right-click and paste your button code into the HTML. 5. Save and publish the page. (The preview function in your editor may not display th 6. Test the button to make sure it links to a PayPal payment page. eed more help? <u>Click here</u> for additional information.	e button code correctly.)
Website <pre> <form action="https://www.paypal.com/cgi-bin/webscr" method="post" target="_top"> <input name="cmd" type="hidden" value="_s-xclick"/> </form></pre>	Buyer's View Admin Info (do not change) Buy Now

Now paste the value in the clipboard into the **PayPal button or Payment URL** field in iCrew. Check the box for all the teams the fee item applies to, then click the **Save** button at the bottom of the page.

Payment Flow

Here is the flow when a member makes a payment. When they initiate payment, the **PayPal** button is presented to them in **iCrew** as shown below. Once they click on the **Pay Now** button, they will be taken over to PayPal where they complete the payment process.

IMPORTANT: After making the payment, your members should be instructed to click the **Return to Merchant** button as shown below.

Clicking the **Return to Merchant** button will take the member back into **iCrew** where the pending payment will get marked immediately as PAID. The member will see an acknowledgement as shown here.

Organization: MBC PayPal Payment Acknowledgement

Thanks for your payment of 2.00 for Masters401 fee: Head of the Lake.

NOTE: You will still want to import the payments from a PayPal export on a regular basis since you'll likely get some members not clicking the **Return to Merchant** button. But hopefully, most payments will get marked as paid in iCrew immediately.
