

## December 2019 New Features Bulletin

Here is a summary of the new features and improvements released in iCrew during December 2019. [Links to all previous bulletins can be found here.](#)

### Added club and team alert text

Admins and coaches can now set alert text at the club or team level. This text will be displayed for all members when they are using iCrew. The alert text can be set on your club profile (to be shown to ALL club members) or on any team/squad profile (to be shown only to members of the team/squad). See samples below. Note that the text supports HTML markup.

## Added page access limitations

Access to all member fee payment information can now be limited to club administrators.

In addition, access to the following functionality can now be limited to club admins and coaches:

- Change boat/shell rigging
- Log a boat/shell repair request
- Get member email addresses

[Contact iCrew](#) if you would like any of these limitations implemented for your club.

## Improvements made to the Session List page

The **Session List** page has been improved as follows:

- There is now a **Show regattas only** checkbox if you want to list only regattas.
- Regatta sessions are now show in ***bold italics*** in the list.
- Team/squad names are now displayed using the tile color set on the team profile
