

## December 2020 New Features Bulletin

Here is a summary of the new features and improvements released during **December 2020**.

**NOTE:** Links to all previous bulletins can be found here: <https://icrew.club/bulletins>.

**REMINDER:** All changes released throughout the month can be viewed by tapping the **iCrew Changes** button on the **Coach's/Admin's Home** page as shown here.

### Equipment damage list

- Added an extract/download option to the damages list page.

### Session plan markup

- You can now add HTML markup to a session plan when creating or editing sessions in bulk.

### Member session toggling

- When a member has any future sessions that they are toggled out of, they will see a button to toggle into all sessions.

### Surveys, Elections & Forms

- A survey or form can now be setup as a quiz for club members. A question can optionally include the display of an image. In the list of answers, the correct answer to a question is designated with a > preceding the answer. Quiz results can be viewed after submitting the answers.
- A form can be designated as "public" so that it can be accessed by people without an iCrew account.
- Forms are now shown on the club Store page.
- Enhanced the Elections & Surveys feature with the ability for Club Admins to create custom forms.

### Delete Team/Squad

- An *archived* team can now be deleted by a club's primary admin. The delete functionality is available from the **Team List** page but only if no sessions exist for the team.

If you have any questions about these new features, send us an [email](#).

Thanks,

Kevin @ iCrew
