

## New Features Bulletin

February 2019

Here is a summary of all the new iCrew features released in the second half of February 2019.

### Include a file when creating a new discussion thread

Now when starting a new discussion, you may upload a file to include with the discussion.

#### New Discussion

The screenshot shows the 'New Discussion' form. It includes fields for 'Channel' (set to 'Nutrition'), 'Title' ('Facts about processed foods'), and a message area. A blue file upload icon with a white upward arrow is located next to the title field. A red arrow points to this icon, indicating where users should tap to add a file.

### Archive a member from the Org Roster

If you're an administrator, you can now archive a member from the Org Roster. In the screenshot below, the **Search** box is used to list only those members not on any team. To archive a member, tap the new Archive icon as shown here.

The screenshot shows the 'MBC Roster' page. At the top, there are buttons for 'Extract roster...' and 'Get email addresses...'. Below that, a search bar contains '(none)' with a red arrow pointing to it and the text 'to filter down to members not on any team'. The main table has columns for Last Name, First Name, Title Name, Team Name, Email, Alternate Email, Zip code, and Phone. The first row shows entries for Abuan Ian and Assouline Jakey, both listed as '(none)' in the Team Name column. Red arrows point to the archive icons (blue square with a white circle) for both of these members.

Last Name	First Name	Title Name	Team Name	Email	Alternate Email	Zip code	Phone
Abuan	Ian	Ian A	(none)				
Assouline	Jakey	Jakey A	(none)				
Audejaitis	Rasa	Rasa A	(none)				

### Automatic session reminder emails

On any team profile, you can now enable automatic session email reminders to be sent by iCrew two days ahead of the session. Just check the **Send session email reminder** checkbox.

**Update Team Profile**  
CompCrew

Update the team information, then click the **Save** button. 

\*Name:

Coaches:

Send session email reminder?:  

Allow rowers to join this team?:

No-show adds to last coxed count?:

Show coxswain at bottom of line-up?:

## Coach update access limitations

The ability for coaches to create and update items is now limited to teams where the person is designated as a coach for the team. For example, if the person is set as a coach for the Novice Boys team, but not for the Varsity Boys team, they will not be able to update any Varsity Boys sessions, line-ups, and test. If a person needs update access to any team, just add them as a coach for the team.

## Improved Coach's Home Page view on mobile devices

The **Coach's Home Page** has been reformatted to be more usable when iCrew is accessed from your mobile device.

## New team creation limited to Organization Admins

You must now be an administrator for your organization in order to create a new team.

## New tile tag added to member profile

A new optional **Tile tag** field has been added to the member profile. The value of the tile tag is limited to one of these characters: ! @ # \$ %

Whatever value you enter in the tile tag will appear pre-pended to the athlete's **Tile name** on the **Session Line-ups** page. You can use (or not use) the tile tag for whatever purpose you want.

**ROWER PROFILE INFO (hide)**

*Tile name:	Ann M
Tile tag:	@
Date of birth:	1978-02-12

**ROWSERS (Hide\_bullpen)**

<input type="checkbox"/> Hide absent members:	<input checked="" type="checkbox"/>
JOHN S (C)	
...@ ANN M ^	ENDA
CATHARINE G	ISAAC
ARTHURS A	BETSY
CHRISTEEN P	CONCEPTK

## Bulk update sessions after priority equipment change

After updating a team's priority equipment, you can include the equipment changes when you bulk-edit the team's sessions.

## Add date range options to Reservations calendar

When viewing the reservations calendar, you now have the option to view older than 60 days and out in future beyond 60 days.

**Reservations Calendar**

<input type="checkbox"/> Include data older than 60 days	<input checked="" type="checkbox"/> Include future data over 60 days	<b>Refresh</b>

## Athlete's test results chart

An athlete can now view a chart of their test results for any length they've ever tested at. The chart can be accessed by tapping the chart icon on the athlete's **My Test Results** tab.

## New File Manager page

You can now see all your uploaded files from the File Manager page. You may upload new files too. Once a file has been uploaded, you can share the link to the file in messages and discussion threads.

**File Manager**

**IMPORTANT:** Deleted files cannot be restored.

Tap this icon to upload a new file.

## New option to hide weight and age adjusted test results

There is now an organization-level option to hide weight and age adjusted test results from your athletes. They will still see their own results, but will not be able to see other's results.
