

New Features Bulletin

May 2019

Here is a summary of all the new features and changes released in iCrew during May 2019. Links to all other bulletins can be found [here](#).

System resources upgraded

The system resources that support iCrew from the back-end were upgraded in late May. In addition, some database improvements were implemented. These changes result in improved performance of iCrew.

Changed term “organization” to “club”

Previously, the term “organization” was used in iCrew, but now the term “club” is used. Also, the all-up team for the club was changed from @org to @club.

Added sort options to rower's bullpen on line-ups page

On the line-ups page, you now have a number of options for sorting the athletes in the rower’s bullpen.
