

## November 2019 New Features Bulletin

Here is a summary of all the new features and improvements that were released in iCrew during the month of November 2019. Links to all previous bulletins can be found [here](#).

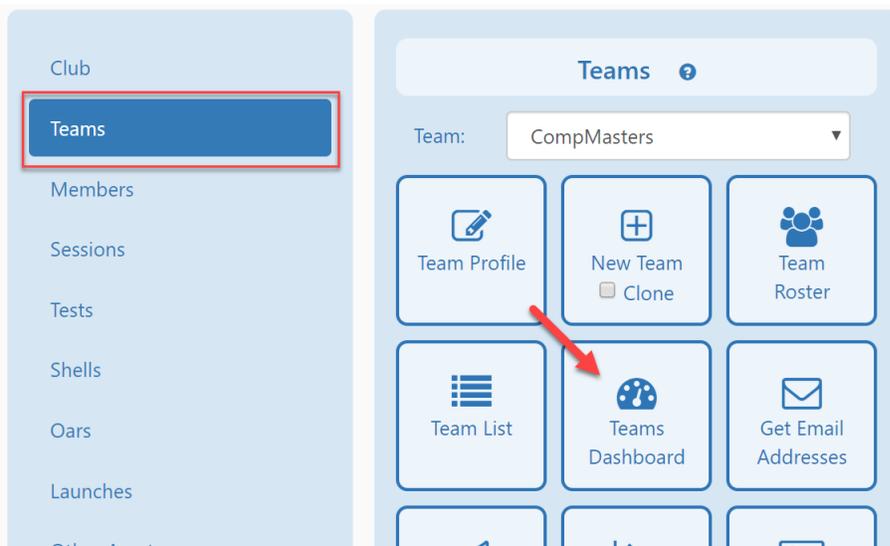

### Added New Teams Dashboard

A new **Teams Dashboard** has been added to iCrew. You can access the **Teams Dashboard** from the **Club** tab or from the **Teams** tab as shown in the two screenshots below.

Club tab

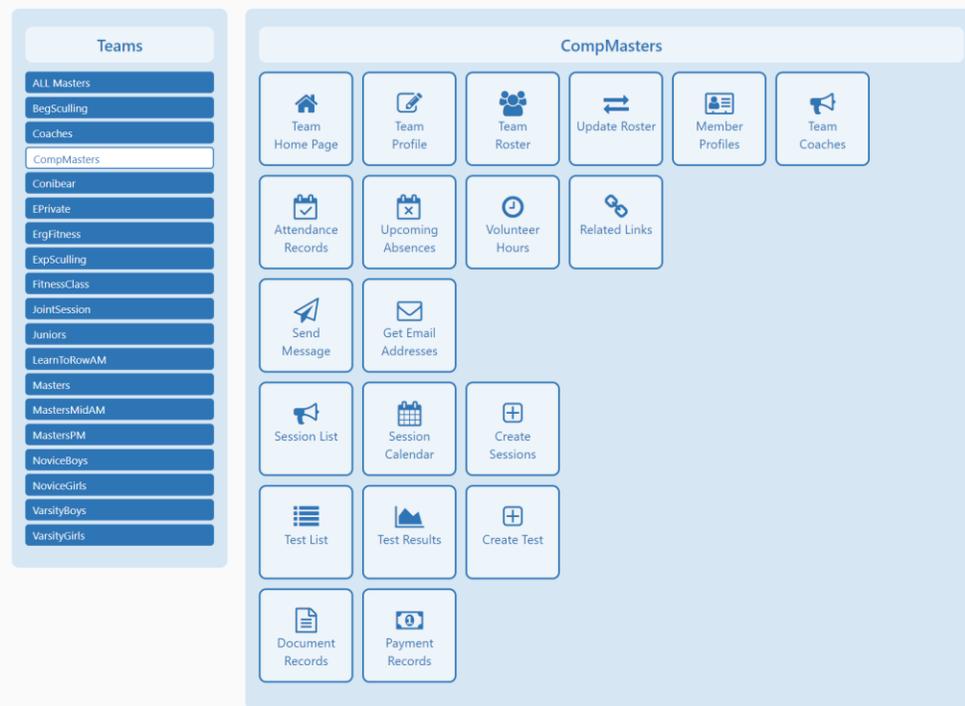

Teams tab

The **Teams Dashboard** includes a list of all active teams in your club along with tiles to access functionality for the team. Just select the team from the list, then tap the tile for the functionality desired.

## Teams Dashboard

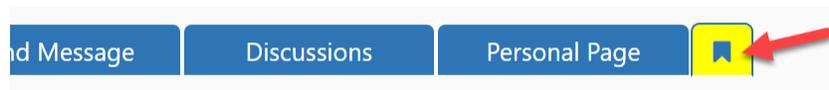

## Added option to Bookmark a page

An admin or coach can now bookmark a page to make the page easily accessible at any time.

**NOTE:** Pages that are already accessible from the navigation bar at the top of the page will not show the new bookmark icon.

**SAMPLE USAGE:** Let's say you're working on line-ups for an upcoming regatta so you're frequently access the regatta line-ups page. Now you can bookmark the line-ups page for the regatta for each access in the future.

To bookmark a page, just tap the new bookmark icon as shown here.

When creating a new bookmark, you specify the name of the bookmark, then tap the **Save** button.

### Create Bookmark

\*Name:

\*Page:

\*Parameters:

\* Required field

All saved bookmarks are displayed under the navigation tabs as shown here.

To change the name of a bookmark or to delete a bookmark, tap the bookmark icon (shown in red rectangle above).

## Added option to re-order regatta line-ups by event number

For a *regatta*, a coach can now re-order line-ups by event number.

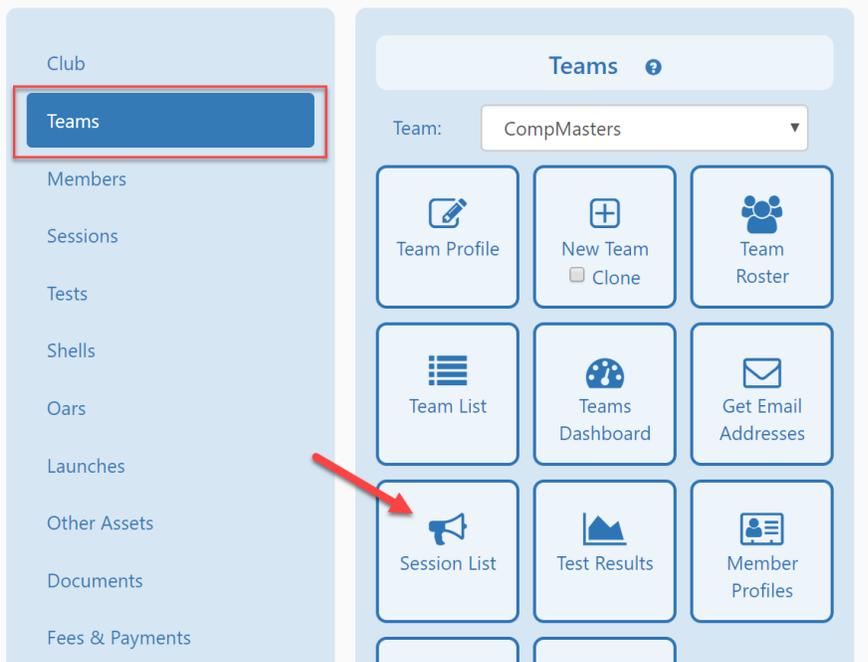

## Added PR (Yes) column to Test Results page

The **Test Results** page now includes a **PR** column where a value of “**Yes**” is shown when the value represents an athlete’s personal record. This allows you to search for only PRs by typing “yes” in the **Search** field.

Length	Set#	Athlete	Gender	500m Pace	Result	PR	Wt Adj	Age Adj	Wt & Age Adj
1000m	1	[blurred]	Male (M)	1:35.3	3:10.7	Yes	2:55.3	3:04.5	2:49.1
1000m	1	[blurred]	Male (M)	1:35.4	3:10.8		2:55.4	3:05.3	2:49.9
1000m	1	[blurred]	Male (M)	1:35.7	3:11.3	Yes	2:59.0	3:09.9	2:57.6
1000m	1	[blurred]	Male (M)	1:35.8	3:11.6		2:59.3	3:10.2	2:57.9

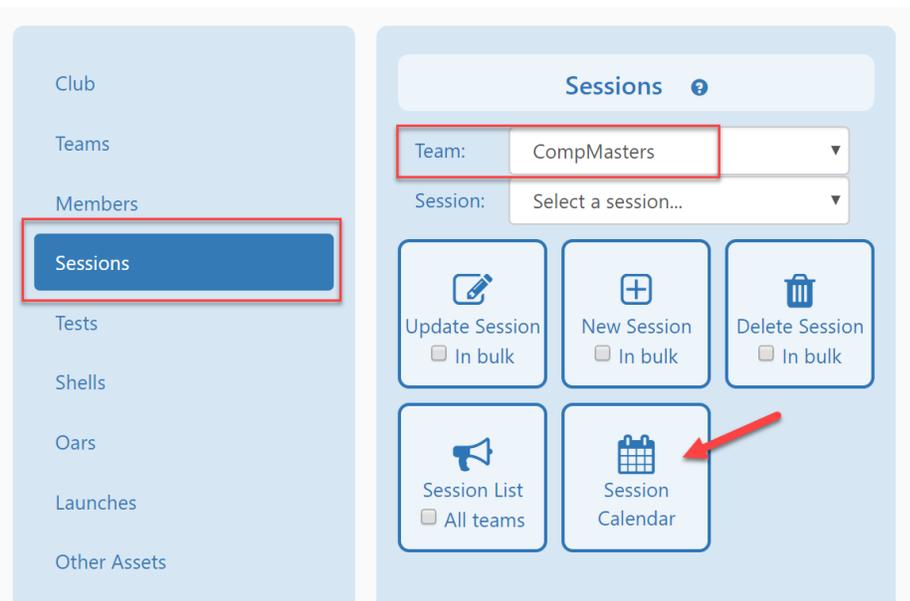

## Added Session List tile to Teams tab

You can now access a team’s session list from the **Teams** tab as shown below.

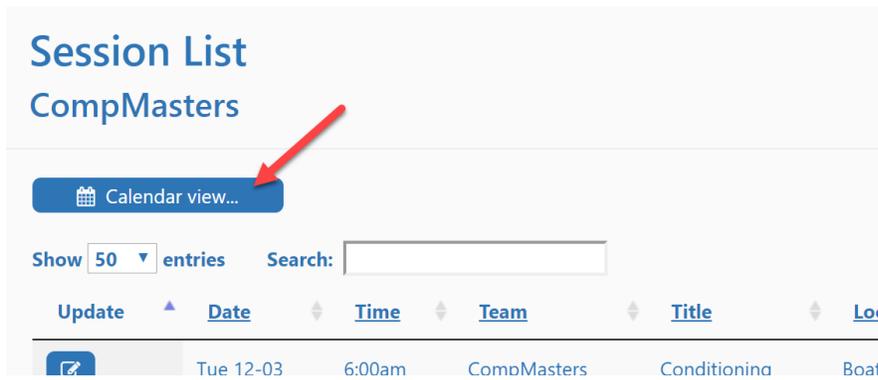

## Added Session Calendar tile to Sessions tab

The session's calendar can now be viewed for a single team. To view the calendar for a team, go the **Sessions** tab, select a team, and then tap the **Session Calendar** tile.

You can also access the session calendar from the team's **Session List** page as shown below.

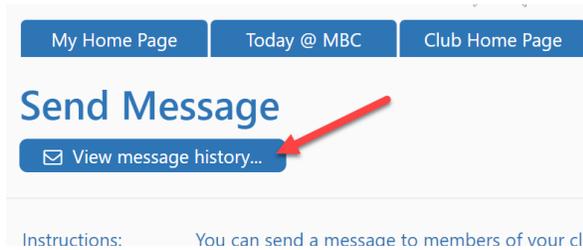

## Changed default to show member tiles on the Team Home Page

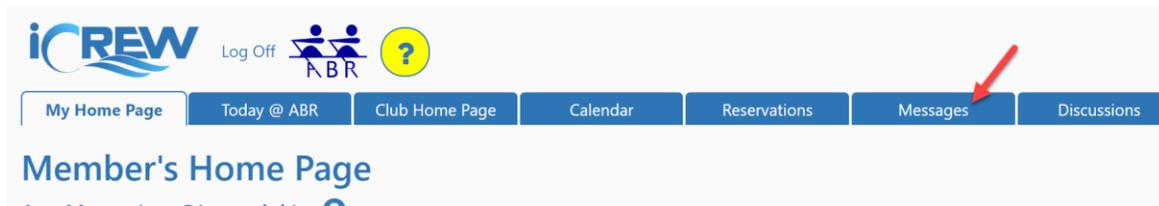

When viewing a team's Home Page, the default view of members is to show a tile for each member as seen on the **Team Roster** page. There is also an option to view the member roster as a list.

## Sent messages now viewable in iCrew (Premium subscription clubs only!)

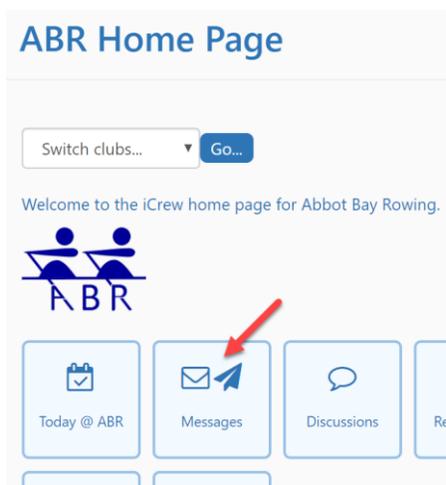

If your club is on the Premium subscription, sent messages are now accessible in iCrew. Admins and coaches can access the message history using the **View message history...** button at the top of the **Send Message** page.

Members can access the message history by tapping the **Messages** tab.

Everyone can access the message history by tapping the **Messages** tile on the **Club Home Page**.

**Administrators** can view *all* messages sent by anyone in the club.

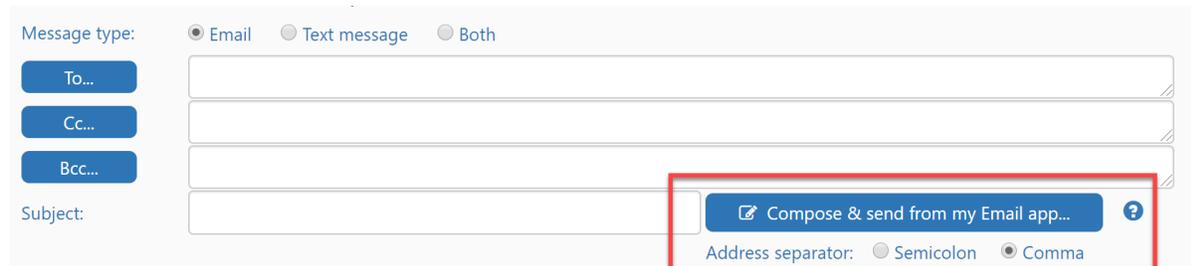

**Coaches** can only view messages they sent or received.

**Members** can only view messages they received.

## Added option to send a message from user's own email app

The **Send Message** page now includes an option to send the message using your own Email app. You get the advantage of selecting recipients from your team rosters, but if you use your own email app you can easily format the message and include an attachment. When you tap the **Compose & send from my Email app...** button, the recipients and **Subject** line are passed to the application that is set as the default Email application on your device. Be sure to use the correct address separator as required by your email app.

**NOTE:** Messages sent using your own app are NOT saved in the message history in iCrew.

Message type:  Email  Text message  Both

To...

Cc...

Bcc...

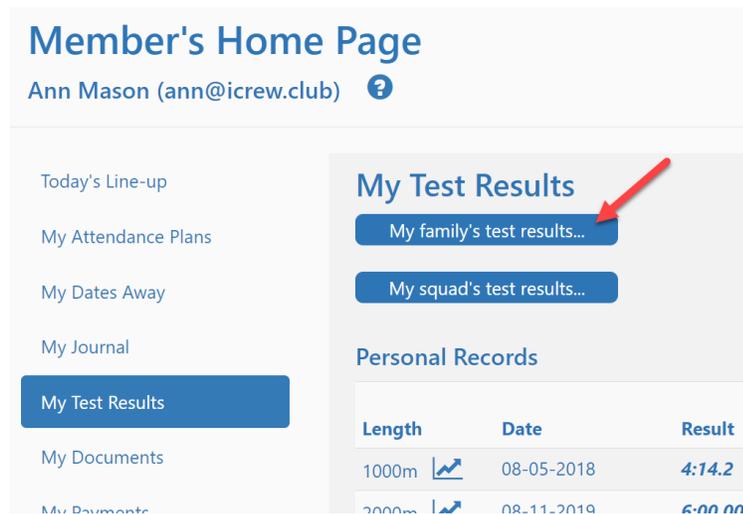

Subject:

**Compose & send from my Email app...** ⓘ

Address separator:  Semicolon  Comma

## Added access to all test results in a family

If a member is part of a family, they now have access to test results across all family members.

### Member's Home Page

Ann Mason (ann@icrew.club) ⓘ

- Today's Line-up
- My Attendance Plans
- My Dates Away
- My Journal
- My Test Results**
- My Documents
- My Payments

#### My Test Results

- My family's test results...**
- My squad's test results...

#### Personal Records

Length	Date	Result
1000m	08-05-2018	4:14.2
2000m	08-11-2019	6:00.00

## Important flag turned off automatically on a Discussion thread

After 30 days of no activity on an **important** discussion thread, the important flag will be removed.

**NOTE:** This does not apply to a discussion marked as an “announcement only”.

If you have any questions about these new features, send the iCrew team an [email](#).

Thanks,

Kevin
